

BUDGET LETTER

		NUMBER: 02-31
SUBJECT:	SECTION 11.00—INFORMATION TECHNOLOGY CONTRACTS SECTION 11.10— STATEWIDE SOFTWARE LICENSE AGREEMENTS	DATE ISSUED: SEPT. 24, 2002
REFERENCES:	BUDGET ACT OF 2002 (CHAPTER 379, STATUTES OF 2002)	SUPERSEDES: BL 01-30

TO: Agency Secretaries
Department Directors
Departmental Budget Officers
Departmental Accounting Officers
Department of Finance Budget Staff

FROM: DEPARTMENT OF FINANCE

Note: Please forward a copy of this Budget Letter to your department's/agency's Chief Information Technology Officer.

Purpose

Pursuant to Section 11.00 and Section 11.10 of the 2002 Budget Act, certain information technology contracts, statewide software licensing agreements, and their associated amendments must be reported to the Legislature. The reporting must be made prior to processing/signing a contract or agreement that exceeds specific dollar thresholds approved for the project or the statewide software licensing business proposal.

Section 11.00 is the Legislature's means of being informed of information technology contractual agreements under consideration that will continue beyond the current and budget years and may necessitate budget augmentations and/or redirections in **future** years. Section 11.10 is the Legislature's means of being informed of statewide software licensing agreements that have not been previously approved by the Legislature, that obligate state funds in the current year or future years, whether or not the obligation will result in a net expenditure or savings. A statewide software licensing agreement is defined as a software license contract that can be used by multiple state agencies. Section 11.00 and Section 11.10 reporting allows the Legislature opportunities to review future funding obligations and enterprise license commitments before they are made.

It is each department's responsibility to determine whether a project or license agreement meets the Section 11.00 and/or Section 11.10 reporting requirements. If the reporting requirements are not clear for any given project or enterprise license agreement, the department should err on the side of caution and notify the Department of Finance (Finance). After review and approval, Finance will notify the Legislature. Departments should be aware of the possible consequences of entering into an information technology contract, statewide software licensing agreement, or their associated amendments that requires notification without providing such notification. If notification is not provided, and the Legislature later determines that notification should have been given, the project or enterprise agreement and its associated funding may be at risk.

Reporting Requirements and Applicability Test

Sections 11.00 and 11.10 require Finance approval and 30-day notification to the Joint Legislative Budget Committee and the legislative fiscal committees prior to a state department entering into information technology contracts, statewide software licensing agreements, or their associated amendments where all of the following criteria are met:

Reporting Requirements for Section 11.00

- 1) The budgeted cost of the project is subject to legislative review now or in the future.
- 2) The total increase in project cost (a) is \$500,000 or greater; or (b) represents a 10 percent project cost increase that exceeds \$100,000.
- 3) A future year increase in the budgeted cost is required to cover the cost of the contract, and the increased cost is: (a) not identified in a current year notification/modification submitted to the Legislature (i.e., Section 26.00, Section 27.00, Section 28.00 or Section 28.50), or a budget year augmentation submitted to the Legislature (e.g., Finance Letter), or (b) is included in one of the documents identified in (a) but the Legislature will not have the opportunity to act on the budget document prior to execution or contract amendment.

Section 11.00 reporting criteria apply to any information technology contract or amendment or combination of contracts and amendments that would result in a total project increase. This is applicable whether the increase occurs in fiscal year 2002-03 or any subsequent fiscal year.

Reporting Requirements for Section 11.10

- 1) The proposed agreement is for a statewide software license that has not been previously approved by the Legislature, whether or not the obligation will result in a net expenditure or savings.
- 2) The total amount of the proposed agreement or amendment is \$1,000,000 or greater in the aggregate.

In addition, **all** statewide software licensing agreements, regardless of the amount, require business proposals, which, at a minimum, must include the following information:

- 1) An analysis of the current install base to be covered under the statewide software licensing agreement, including the software products, the license type, and the number of users associated with each license.
- 2) Projections of anticipated use over the term of the agreement, again including the products to be covered under the agreement, the license type, and the number of users associated with each license. The business proposal must include the assumptions used to develop the projections.
- 3) An analysis of feasible alternatives including a justification for selecting a statewide software licensing agreement over other alternatives such as a volume purchase agreement. The justification must include a detailed cost/benefit analysis comparing the proposed statewide software licensing agreement against the alternatives discussed.
- 4) A cost allocation methodology and funding plan that explains how costs will be allocated across user departments and identifies the associated funding sources for each entity utilizing the agreement.

Statewide software licensing agreements exceeding the \$1,000,000 Section 11.10 reporting threshold require Finance approval of the business proposal. For statewide software licensing agreements and their associated amendments that do not exceed the \$1,000,000 Section 11.10 reporting threshold, approval of the business proposal is delegated to the department. Subsequent amendments that shift the agreement beyond the \$1,000,000 aggregate threshold require amended business proposals, which must be submitted to Finance for review and approval. In these cases, be prepared to provide copies of prior versions of business proposals prepared under your delegated authority if requested by Finance.

Section 11.00 and 11.10 Applicability Test

To determine the applicability of Section 11.00 for contract transactions or Section 11.10 for statewide software licensing agreements, Applicability Tests are included as Exhibits 1, 1a, and 1b. Each State department is responsible for determining applicability and submitting the necessary information to Finance if the contract transactions must be reported under the requirements of Section 11.00 or Section 11.10.

Submittal to Finance

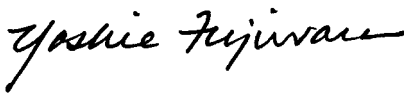

To report transactions subject to Section 11.00, departments are required to complete and submit two copies of the completed Applicability Test (included as Exhibits 1 and 1a), and two copies of the form Section 11.00/11.10 Application (included as Exhibit 2) to your Finance Technology Investment Review Unit (TIRU) manager. The Application Form will serve as an attachment to a transmittal letter to the Legislature prepared by Finance following review and approval of the application.

To report transactions subject to Section 11.10, submit two copies of the business proposal to your TIRU manager. Business proposals must be signed by the Department Director (or designee), the Budget Officer, and the Chief Information Officer. Include with the business proposal two copies of the completed Applicability Test (included as Exhibits 1 and 1b), and two copies of the form Section 11.00/11.10 Application (included as Exhibit 2). As with Section 11.00 reporting, the Application Form included as Exhibit 2 will serve as an attachment to the transmittal letter to the Legislature prepared by Finance.

To report transactions subject to both Section 11.00 and Section 11.10, submit two copies of the business proposal and the completed Applicability Test (Exhibits 1, 1a, and b). However, each type of transaction must be reported on separate Application forms (Exhibit 2), i.e., do not combine Section 11.00 and 11.10 reporting on the same Application form. Rather, complete one form for each type of transaction, and submit two copies of each transaction with the business proposal and Applicability Test.

The Section 11.00/11.10 Applicability Test and Application Forms are available on-line at the Finance Budget Letter website (<http://www.dof.ca.gov/html/budlettr/letters.htm>).

If you have any questions, please contact your Finance Technology Investment Review Unit manager at (916) 445-1777.

**SECTION 11.00/11.10
APPLICABILITY TEST**

EXHIBIT 1

Are you considering a contract or contract amendment? Is this contract transaction associated with an information technology project or statewide software license agreement? If the answer to both these questions is yes, then you must carefully review the following Applicability Test to determine whether this transaction requires approval by the Department of Finance and 30-day notification to the Legislature under the terms of Control Section 11.00 or Control Section 11.10 of the Budget Act.

-
- | | | |
|--|-------------------------------|------------------------------|
| 1. Is the department subject to Department of Finance review and approval of its budget? | Yes: <input type="checkbox"/> | No: <input type="checkbox"/> |
| 2. Is the department subject to Section 4810 of the State Administrative Manual? | Yes: <input type="checkbox"/> | No: <input type="checkbox"/> |
-

If you answered **NO** to either item #1 or #2, no reporting is required for this contract transaction or statewide software license agreement under Control Sections 11.00 or 11.10 of the Budget Act. You may skip the remainder of this Applicability Test.

If you answered **YES** to **both** items (#1 and #2), your department must comply with either Control Section 11.00 or 11.10. Continue with this Applicability Test.

- | | | |
|---|-------------------------------|------------------------------|
| 3. Is funding for this project subject to legislative review now or in the future? | Yes: <input type="checkbox"/> | No: <input type="checkbox"/> |
| 4. Does the department intend to process a contract or contract amendment in the current fiscal year or budget year that is part of an information technology project?
<i>(Note: This test is to be applied to the signing date of the contract or contract amendment, regardless of the fiscal year in which the funding is needed/or available.)</i> | Yes: <input type="checkbox"/> | No: <input type="checkbox"/> |
| 5. Does the department intend to process a statewide software license agreement or amendment that has not been previously approved by the Legislature? | Yes: <input type="checkbox"/> | No: <input type="checkbox"/> |
-

If you answered **NO** to item #3 or #4, no reporting is required for this contract transaction under Control Section 11.00 of the Budget Act. If you answered **NO** to item #5, no reporting is required for this transaction under Control Section 11.10 of the Budget Act. You may skip the remainder of this Applicability Test.

If you answered **YES** to items #3 and #4, your department must comply with Control Section 11.00. Complete the Section 11.00 Applicability Test, which follows as Exhibit 1a.

If you answered **YES** to item #5, your department must comply with Control Section 11.10. Complete the Section 11.10 Applicability Test, which follows as Exhibit 1b.

**SECTION 11.00
APPLICABILITY TEST**

- 1a. Will the increased budgeted cost of this contract or contract amendment in current year, budget year and **out-years** be specifically identified in a budget document submitted to the Legislature during the current fiscal year (i.e., Section 26, Section 27, Section 28, Section 28.5, Budget Change Proposal, Finance Letter). Yes: ☐ No: ☐
- 1b. Will the Legislature have the opportunity to act on the budget document prior to contract execution or contract amendment? Yes: ☐ No: ☐

If you answered **YES** to item #1a and item #1b, no reporting is required for this contract transaction under Control Section 11.00 of the Budget Act. You may skip the remainder of this Applicability Test.

If you answered **NO** to item #1a or **YES** to item #1a and **NO** to item #1b, continue to respond to the following items related to the information technology project associated with the contract or contract amendment.

-
2. What is the total approved project cost in the last Feasibility Study Report (FSR), Special Project Report (SPR) or equivalent document for this project prior to the inclusion of the contract(s) or contract(s) amendment that are the subject of this test? \$ _____
(From this item on, report all costs in **thousands of dollars**.)

-
3. Provide the following identifying information and approval reference data regarding the project:

Project Title and Number: _____

Finance-approved FSR or SPR

Date: _____

Department-approved (delegated) FSR or SPR

Date: _____

-
4. Is this a new contract? Yes: ☐ No: ☐
5. If you answered **YES** to item #4, what is the total amount of this new contract? \$: _____
6. What is the total amount of all new contracts associated with this information technology project that have been awarded since the last approved FSR or SPR and for which costs were not included in that approved FSR or SPR? (Do not include the amount identified in item #5) \$ _____
7. Is this a contract amendment? Yes: ☐ No: ☐
8. If you answered **YES** to item #7, what is the total amount of this contract amendment? \$ _____
9. What is the total increase in the dollar amount contained in all contract amendments for this information technology project that have been agreed to since the last approved FSR or SPR and whose costs were not included in that approved FSR or SPR? (Do not include the amount identified in item #8) \$ _____
10. Add the amounts identified in items #5, #6, #8 and #9 and place the total here. \$ _____
11. What is the total amount of any reduction to contracts or contract amendments associated with this information technology project that have been canceled or reduced since the last approved FSR or SPR and whose costs were included in that approved FSR or SPR? \$ _____

EXHIBIT 1a
continued

12. Subtract item #11 from item #10 and place the total here.

\$

13. Is the dollar amount from item #12 greater than \$500 thousand?

Yes: ☐

No: ☐

If you answered **YES** to item #13, you have determined that your transaction requires approval by the Department of Finance and 30-day notification to the Legislature under Control Section 11.00 of the Budget Act. You have completed this Applicability Test for Section 11.00.

If you answered **NO** to item #13, continue with this Applicability Test.

14. Is the dollar amount from item #12 greater than \$100 thousand?

Yes: ☐

No: ☐

15. Multiply the total approved project cost from item #2 by 10 percent (0.10).

\$

16. Is the dollar amount from item #12 greater than the dollar amount from item #15?

Yes: ☐

No: ☐

If you answered **YES** to item #14 and item #16, you have determined that your transaction requires approval by the Department of Finance and 30-day notification to the Legislature under Control Section 11.00 of the Budget Act. You have completed this Applicability Test for Section 11.00 applicability.

If you answered **NO** to item #14 or item #16, or both, you have determined no reporting is required for this transaction under Control Section 11.00 of the Budget Act.

**SECTION 11.10
APPLICABILITY TEST**

1. Provide the following identifying information and approval reference data regarding the project:

Business proposal title: _____

Finance-approved business proposal

Date: _____

2. Is this a new agreement? Yes: ☐ No: ☐
- 3a. If you answered **YES** to item #2, what is the total amount of this new agreement? \$: _____
- 3b. If you answered **NO** to item #2, then you are proposing to amend an existing agreement. What is the total amount of the initial agreement and all amendments prior to this amendment? \$: _____
- 3c. If you answered **NO** to item #2, what is the total amount of this agreement amendment? \$ _____
4. Add the amounts identified in items #3b and #3c and place the total here. \$ _____
5. Is the dollar amount from either item #3a or #4 \$1,000,000 or greater? Yes: ☐ No: ☐

If you answered **YES** to item #5, you have determined that your transaction requires approval by the Department of Finance and 30-day notification to the Legislature under Control Section 11.10 of the Budget Act. You have completed this Applicability Test for Section 11.10.

If you answered **NO** to item #5, you have determined no reporting is required for this transaction under Control Section 11.10 of the Budget Act.

Section 11.00/11.10 Application Instructions

Enter the Type of Notification, either Section 11.00 or Section 11.10. *Complete one form for each type of notification, i.e., do not combine Section 11.00 and Section 11.10 notifications on the same form*

- A. Enter the Department Name, Current Date, the Budget Item Number, and Fiscal Year.
- B. Enter the Information Technology Project Title or Business Proposal Title/Description for the information technology contracts or contract amendments that are the subject of this Section 11.00 or Section 11.10 Application.

Enter the date of Initial Project Approval (Feasibility Study Report) or business proposal by the State, and the date of the Last Project Amendment Approval (Special Project Report) or business proposal amendment by the State.

Enter the Total Amount of Contracts since the last approval (capture this amount from item #12 on your completed Section 11.00 Applicability Test or items #3a or #3c on your completed Section 11.10 Applicability Test.)

- C. Give a brief Description of the Proposed Change including the necessity and rationale for the proposed contracts or contract amendments.
- D. By funding source (e.g., general fund, special fund, federal fund or reimbursements) indicate the dollar amount of change requested for the Current Year, Budget Year, and the total of all Out Year* augmentations associated with the information technology contracts or contract amendments that are the subject of this Section 11.00 or Section 11.10 Application. **Note: The dollar amount of change is the net of all new contracts, canceled contracts, or contract amendment increases or decreases.**
- E. Enter the Fiscal Benefits of Change as a result of the contract changes in the Current Year, Budget Year, and the total of all Out Years.* **Note: The dollar amount of change is the net of all new contracts, canceled contracts, or contract amendment increases or decreases.**
- F. Application must be signed and dated by the Department Director and Department Budget Officer before submittal.

* Please indicate fiscal year range beginning with Budget year +1 to the end of the contract (e.g., 2004-05 to 2006-07).
